Mike:

We greatly appreciate your update.

Receiving partial data is not an option for this project.

Subject 70F data capture delivery

George,

Quintek is working through this weekend to complete the 70F/7LB data capture work. Although they are targeting 9 AM, they have opened the possibility they will not have the entire job QC'd until noon. Although I don't think this is a viable alternative, let me know if getting partial data soon is an option TMS QC wishes to explore.

Best Regards,

Mike
